APPEARING COINS ILLUSION

THE EFFECT: Showing both hands completely empty you turn them upside down and make a fist, you say the magic words then open them to reveal a coin in both hands. Astonishing!

- Impromptu, very little setup needed
- Perform anywhere unprepared
- Eye popping magic!
- Great for 'table hopping'

THE SECRET: Devilishly simple but very effective. You start with both coins on your wrists! (pic5) That is all the setup you need. Just make sure you perform above the spectators eye level. This is crucial, if not they will see the coins.

To easily get the correct angle perform to someone who is sitting down while you stand. With this in mind the trick is perfect for table hopping.

Practice this trick first with one coin on one wrist then when you get proficient try it with a coin on both wrists. Tricky!

With the coin on your wrist bend your hands down palm open (pic1) with the spectator below your eye level they will not be able to see the coin. Wiggle your fingers to show you have nothing to hide. Now this is the move you need to practice. Bend your hands upwards toward the ceiling. This should clip the coin between your wrist and heel of your palm (pic6). You can then turn your hand over towards the floor

(pic7). If performed correctly the coin should stay clipped. Curl your fingers under and let the coin drop into your fingers (pic8), and make a fist (pic9). All that is left for you to do is open your hands and reveal the coin (pic10). Performed correctly this is a real stunner. Do not be put off at how simple it seems. This works and very well too!

TIP 1: Again Practice with one hand first to get the move smooth and fluid. Then when you are ready practice with both hands at the same time. Please watch the video tutorial supplied to see the secret move in action.

TIP 2: I find performing with smaller coins easier to clip between my wrist and palm. Experiment with what works best for you. In fact you do not need to perform this trick with a coin how about using a ring? Use your imagination.
